**Salva el Agua**

**↑2U**<sup>SM</sup>

What  
can  
you do  
to save  
water?

(answers on back)

# Easy, Water-Saving Actions for Kids... and Parents!

Turn water off while brushing  
your teeth.

Trash is for the trashcan,  
not the toilet. Toss it; don't flush it.

Take short showers or  
shallow baths.

Use a broom to clean driveways  
and sidewalks, not a hose.

Run full loads of laundry  
and dishes.

Water lawns early in the morning  
or in the evening to prevent water  
loss through evaporation.

Use native or drought-tolerant  
plants in your home's landscape.

Catch the rain.

Let your dog lick your plate clean.  
(Just kidding...or don't tell Mom!)

And remember, water is life.  
Water is for everyone.  
Water is precious.
